

Dear Downer Community Association,

Thank you for your email and invitation to EPSDD to attend the public meeting scheduled for 6 February 2023.

An EPSDD representative will not be available to attend that meeting, however, the directorate is currently organising a range of different engagement activities for the next phase of public consultation on the draft District Strategies and draft Territory Plan in late January and February 2023. Activities are proposed to include more workshops, a speaker series, and listening spaces for the community to attend and have their say. We encourage members of the Downer Community Association to come along and participate in these activities.

We are also looking at other opportunities to engage directly with community councils, community associations and other stakeholders during the next phase of consultation. We will provide you with updates as the timing of these events are settled.

You can also stay up to date on consultation activities for late January and February on the [YourSay website](#), which will be updated once the engagement activities are confirmed.

Additionally, I confirm that the consultation period has been extended until **Friday 3 March**.

Kind regards,
